

Silo Weigher SW365

Introducing the Weigher Silo Feed 365: Precision Feeding Made Easy

In the pursuit of optimal poultry performance, accurate feed monitoring is a must. **The SW365 Feed Silo Weigher** from Agrollogic stands out as a reliable and versatile solution for precise feed monitoring.

Reliability

- Supports up to 2 silos, maximum 16 load cells: Provides comprehensive weight data for efficient feed management.
- Intuitive Display: Easily monitor total feed levels in each silo and view the most recent fill amounts.
- Seamless Integration: Integrates seamlessly with Agrollogic Image III, Vision 24S, and FD4004 controllers for comprehensive farm management.
- Individual Load Cell Monitoring: Accurately monitors load on each cell for easy troubleshooting, improved feed distribution, and enhanced silo leveling.
- Smart Diagnostics: Pinpoints faulty load cells quickly for rapid resolution.
- Built-in Alarm Relay: Alerts you to potential issues like load cell failures or low feed levels.

- Remote Access: Connect to the **SW365** via our DCS remote access device for real-time data access and control from anywhere with an internet connection.

Experience the difference with **the SW365 Feed Silo Weigher** - the key to optimizing your feed management and maximizing your flock's potential.

Technical specification

Power 12-48 VDC

Accuracy: 0.1%

Resolution: 1 kg/Lb

Temperature Compensated: -10°C to +40°C

Environmental Protection: IP65

Communication: RS 485

Display: 6 digits 7 segment display

Using Agrollogic Loadcells:

Load Cell: /1000KG 5000 Lb

Maximum load on 4 legs: 20 Tons [40000 Pounds]

Maximum load on 6 legs: 30 Tons [60000 Pounds]
